Pos-Ch expression pedal  
4 memory adjustable Crescendo pedal  
Concave and radiating pedal clavier  
Adjustable bench  
Crescendo indicator lamp  
Full Organ indicator lamp

Original 27 ranks of the organ are from Skinner Opus 645 (1927). Built by Holtkamp Organ Company – Opus 1669, 1954, the organ has 3 manuals, 5 divisions, 68 stops, and 73 ranks. The Manual compass is 61 notes and the Pedal compass is 32 notes. Slider chests with EP pull-downs (externally mounted; EP sliders).

A new moveable drawknob console was built for this console in 2014 by Kegg Pipe Organ Builders. The 1954 Holtkamp ivory keyboards were retained and no alterations of the organ were made.

Console data: Drawknobs are in vertical rows on angled jambs. Balanced swell shoes/pedals, standard AGO placement. Combination Action: Computerized/digital system. AGO standard (concave radiating) pedalboard. Reversible full organ/tutti thumb piston. Reversible full organ/tutti toe stud. Combination action toe studs. Coupler reversible thumb pistons. Coupler reversible toe studs.

There are slider chests for the Great and Positiv, EP pitman chests for Swell and Choir, Pedal small stops and Echo, EP unit chests for balance of Pedal.
